Integrated Facilities Management Solutions

The world of facility management is constantly evolving. FM professionals today shoulder the responsibility of not only improving operations and reducing costs, but also creating a better user experience.

Staying ahead and adapting to the changing needs is what leads to success. Adapting to new software and technologies that reduce human intervention is the need of the hour.
Power Group aims to deliver valued services with digital transformation for enhanced productivity and efficiency.

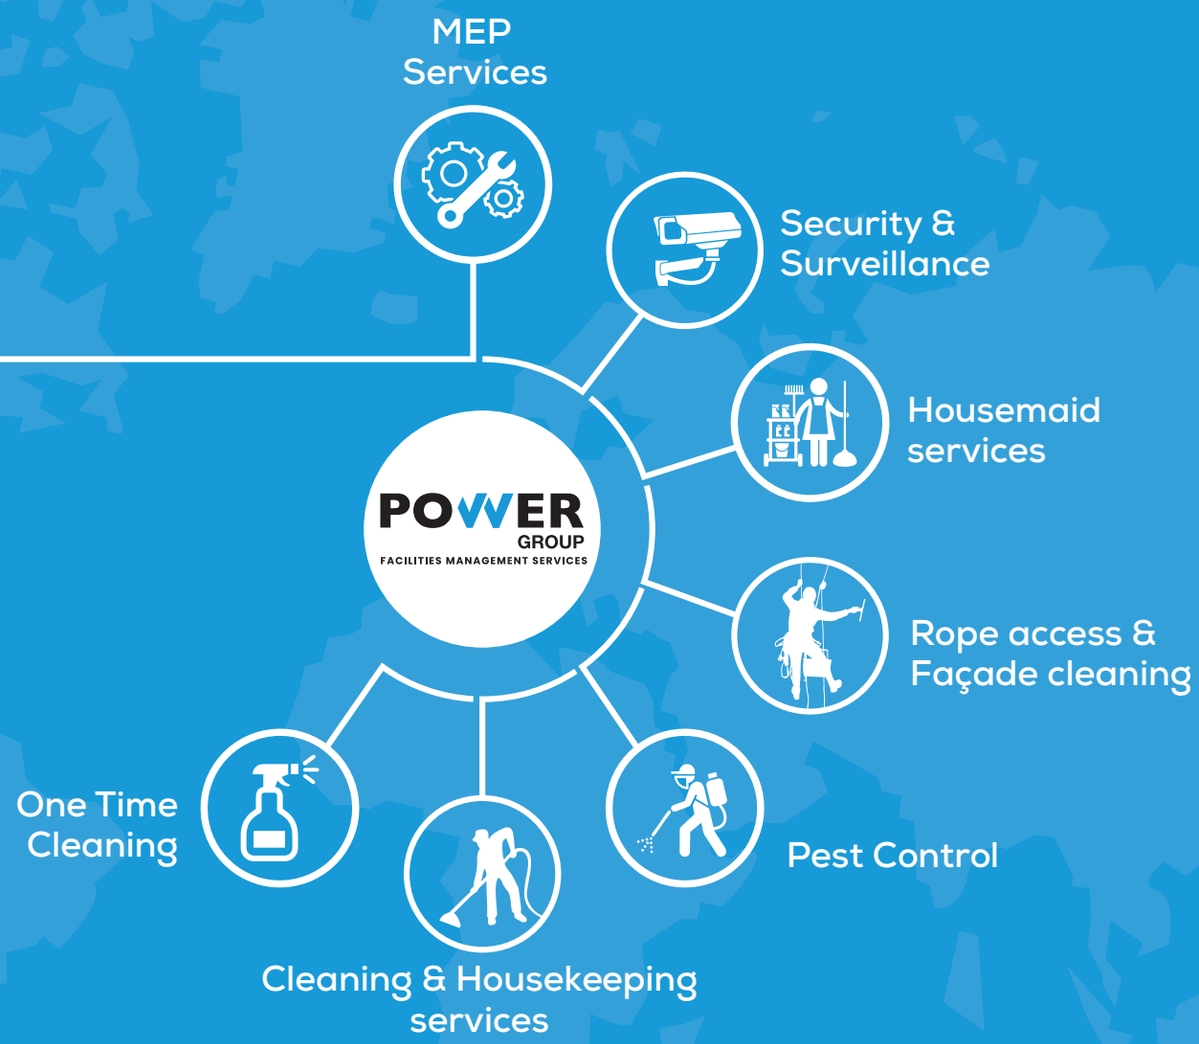

Delivering Value since Decades

Established in 1996 by Mr. Ahmed Khalil Darwish & Dr. Mohamed Jahir Hussain, Power Group specializes in providing high-quality facilities management services for industrial, commercial, and residential projects.

Redefining Cleaning. Reimagining Workplaces

At Power Group, we aim to provide high quality services clients and customers and embrace continuous improvement to maintain excellence. Our innovative practices and cost-effective solutions add value to the client's core business and help us build strong relationships.

CHAIRMAN'S MESSAGE

AHMED KHALIL DARWISH
CHAIRMAN

Our pillars of commitment, reliability and teamwork drives us towards operational excellence and growth.

Our customers are at the heart of our business. Being in the industry for more than 25 years, Power Group is renowned as one of the leading facility solution providers in UAE. At Power Group, we work with passion and dedication towards common goal of operational excellence and maximum customer satisfaction.

Adapting to the changing business needs require necessary amendments in the processes and technology. We ensure quality in everything we do. Our pillars of commitment, reliability and teamwork drives us towards operational excellence and growth. Advancements in technology and using innovative ways adds value for enhanced efficiency and productivity.

"Every individual has to perform his duty. Man is mortal, but his work is not. Therefore, work is greater than wealth"

~ Sheikh Zayed bin Sultan Al Nahyan

VICE CHAIRMAN'S MESSAGE

DR. MOHAMED JAHIR HUSSAIN
VICE CHAIRMAN & MANAGING DIRECTOR

Facility management industry is getting increasingly competitive and complex, making it essential for organizations to focus on their core business.

Post pandemic, technological integration in FM services has become a common phenomenon. Automation, effective utilization of resources, taking data-driven decisions help increase cost efficiency and drive impactful results. Facility management industry is getting increasingly competitive and complex, making it essential for organizations to focus on their core business. At Power, we aim to offer a seamless consumer experience and advance as per the changing needs. Having accurate information regarding a facility is essential to manage its operations and prepare for future demands. Smart solutions like sensors, biometric systems, cloud computing and virtual reality optimize one's productivity and spaces effectively. We believe in adopting sustainable practices, saving costs, opting for energy-efficient systems, and most importantly upskilling the workforce to harness their full potential and this is what help us grow!

"The bigger our dreams, the bigger our accomplishments."

His Highness Sheikh Mohammed Bin Rashid Al Maktoum, Vice-President and Prime Minister of the UAE and Ruler of Dubai

OUR VISION, MISSION & VALUES.

OUR CUSTOMERS ARE AT THE **HEART OF OUR BUSINESS**

HVAC SERVICES

Our skilled teams partner with customers and occupants to provide highest quality service when it comes to HVAC maintenance. HVAC systems are milestones of building mechanical systems that provide thermal comfort for occupants accompanied with indoor air quality. HVAC systems can be classified into central and domestic systems according to multiple zones, location, and distribution.

CARPENTRY AND FALSE CEILING WORKS

We provide bespoke carpentry services to match all your needs and beautify your space. We specialize in installing false ceilings and partitions, including both commercial as well as residential sectors. We ensure maximum utilization of the available space and offer cost-effective solutions.

PROMOTING OPERATIONAL EFFICIENCY

ELEVATORS AND ESCALATORS MANAGEMENT

Offering innovative, technologically advanced lift and escalator solutions that are economical and safe, we ensure you move better. We have come up with Elevator models that are personalized for easy access, comes with a non-stop function, and has an innate feature of auto levelling to ensure smooth passenger movements. This is the latest technology ideal for substantial savings on electricity costs and absolute freedom in building designs.

DIESEL GENERATOR MAINTENANCE

Be it inspection, cleaning, repairs or assembling, we offer customized solutions for proper functioning of generators to avoid unnecessary repair costs.
