Welcome to

Techcare General Trading Company

Techcare General Trading LLC is a United Arab Emirates based company. Techcare General Trading LLC is an ISO 9001:2015 certified organization, to our end this would mean a bigger commitment, a zero error business process interface, a much larger responsibility of delivering appropriate results thereby enhancing the performance standards of entire team at our end.

This would all result in a better and a much evolved customer satisfaction thereby strengthening our bonds with the markets.

The company employs experienced and highly technical and professional staff and caters to the Power, industrial and commercial segments.

Since our inception in 2022, we have grown into a formidable player and has executed many direct supply contracts with big customers in UAE in the oil field sector as well as in the commercial.

Our strategic tieup with international manufacturers enable us to offer the right solutions to the clients in the United Arab Emirates and is backed by prof - fessional field staff equipped with tools and support services.

Some of our key competencies and points of strength include :

- Diversity of our sources.
- Our commitment to quality
- Reasonableness of prices and costs.
- Accurate timing of processing.

Customer's contentment is our primary target . . .

CEO Message

Techcare General Trading was founded on three simple principles: operational excellence, quality products, and superior customer service. More than four decadeslater, we zealously uphold these principles. They are not only the cornerstones of our success, but are also our pathfinders into the future. Since our inception in 2022, we have been witness to a radically changing business environment, domestically and globally. Techcare has adapted to the changes and successfully evolved and diversified. Today, our corporate standing is a testament to this ability. Throughout the years, we have allowed our business philosophy to mature, yet remain flexible. This approach has eased the integration and management of our diversification and evolution. We believe innovation and decentralization give us our competitive edge. Techcare has emerged as one of the leading groups in UAE and the region by keeping a watchful eye on thebusiness environment and constant process improvements. Our corporate values center around our customers: honesty in all our relationships, integrity in financial commitments; uncompromising quality, and individual empowerment. These ideals define our reputation today. As we look forward to a challenging and rewarding future, Techcare stands committed to the philosophies and ideals that have brought us so far. As we expand and diversify, seeking new frontiers to explore and develop, we are confident that our values will guide us on the right path. Techcare' s most valuable assets today are the thousands of loyal and dedicated employees who wear the OTBA badge, and we ensure that they embrace our expansion.

AHMED ALI MIR, Manager

Techcare General Trading L.L.C.

Our Guiding Principles

- *We are committed to forging strong partnerships based on trust, honesty & integrity.*
